Mr. Chairman
Colleague Ministers
Honourable Members of Parliament,
Members of the Ghana EITI National Steering Committee
Friends of the Media
Distinguished Ladies and Gentlemen

1. It is a great pleasure for me to welcome you to this all important breakfast meeting on the Ghana EITI Draft Bill. As a government and in line with the NDC party manifesto, the principles of EITI support our
efforts to promote good and accountable governance in our natural resource sectors. These principles have no doubt informed the drafting of the Petroleum Revenue Management Act, 2011 (Act 815 or PRMA) which has transparency very much entrenched in it.
